

VULCAN SEALS INC.

Vulcan vs Seal Number Reference List

Vulcan Seal Numbers follow the same standard "PS" number format used in the USA market except a "VS" prefix is used instead (e.g. VS100 = PS100).

To ensure you find the correct Mechanical Seal or should the type you require not be listed, please consult Vulcan.

Vulcan Seal Part No.	Shaft Size	Head Type	Material Code
VS100	0.625	A	BMFJF
VS100-EPR	0.625	A	QCFJF
